

## Exhibit 2. Project Photos, Lower Sonoma Creek Restoration Strategy

**Photo 1.** View of California Department of Fish and Wildlife's (CDFW) Wingo Unit and Ringstrom Bay Units, flooded diked agricultural baylands, seasonal and tidal marsh, upland areas, and upland connections to the Bay. January 2017.

**Photo 2.** View of agricultural baylands, upland connections from the southern extent of Sonoma Mountain to the Bay, SR 121, Cougar Mountain, and Mount Tamalpais beyond San Pablo Bay. January 2017.

**Photo 3.** Sonoma Creek flowing into the Bay, US Fish and Wildlife Service's Skaggs Island, CDFW's Napa Sonoma Wildlife Area, and SR 37 to Vallejo. January 2017.

**Photo 4.** View from the uplands looking east over CDFW's Wingo Unit and Ringstrom Bay Units and much of the Lower Sonoma Creek region to Solano County. June 2016.
