

SAN FRANCISCO BAY

RESTORATION AUTHORITY

Hayward Marsh Restoration Project Construction Phase 1

Erica Johnson, Project Manager
Governing Board Meeting
September 11, 2026

Project Location

About Hayward Marsh

Work to date supported by the Authority:

Environmental
Studies

Conceptual Design

Community
Engagement

100% designs

CEQA Statutory
Exemption for
Restoration Projects

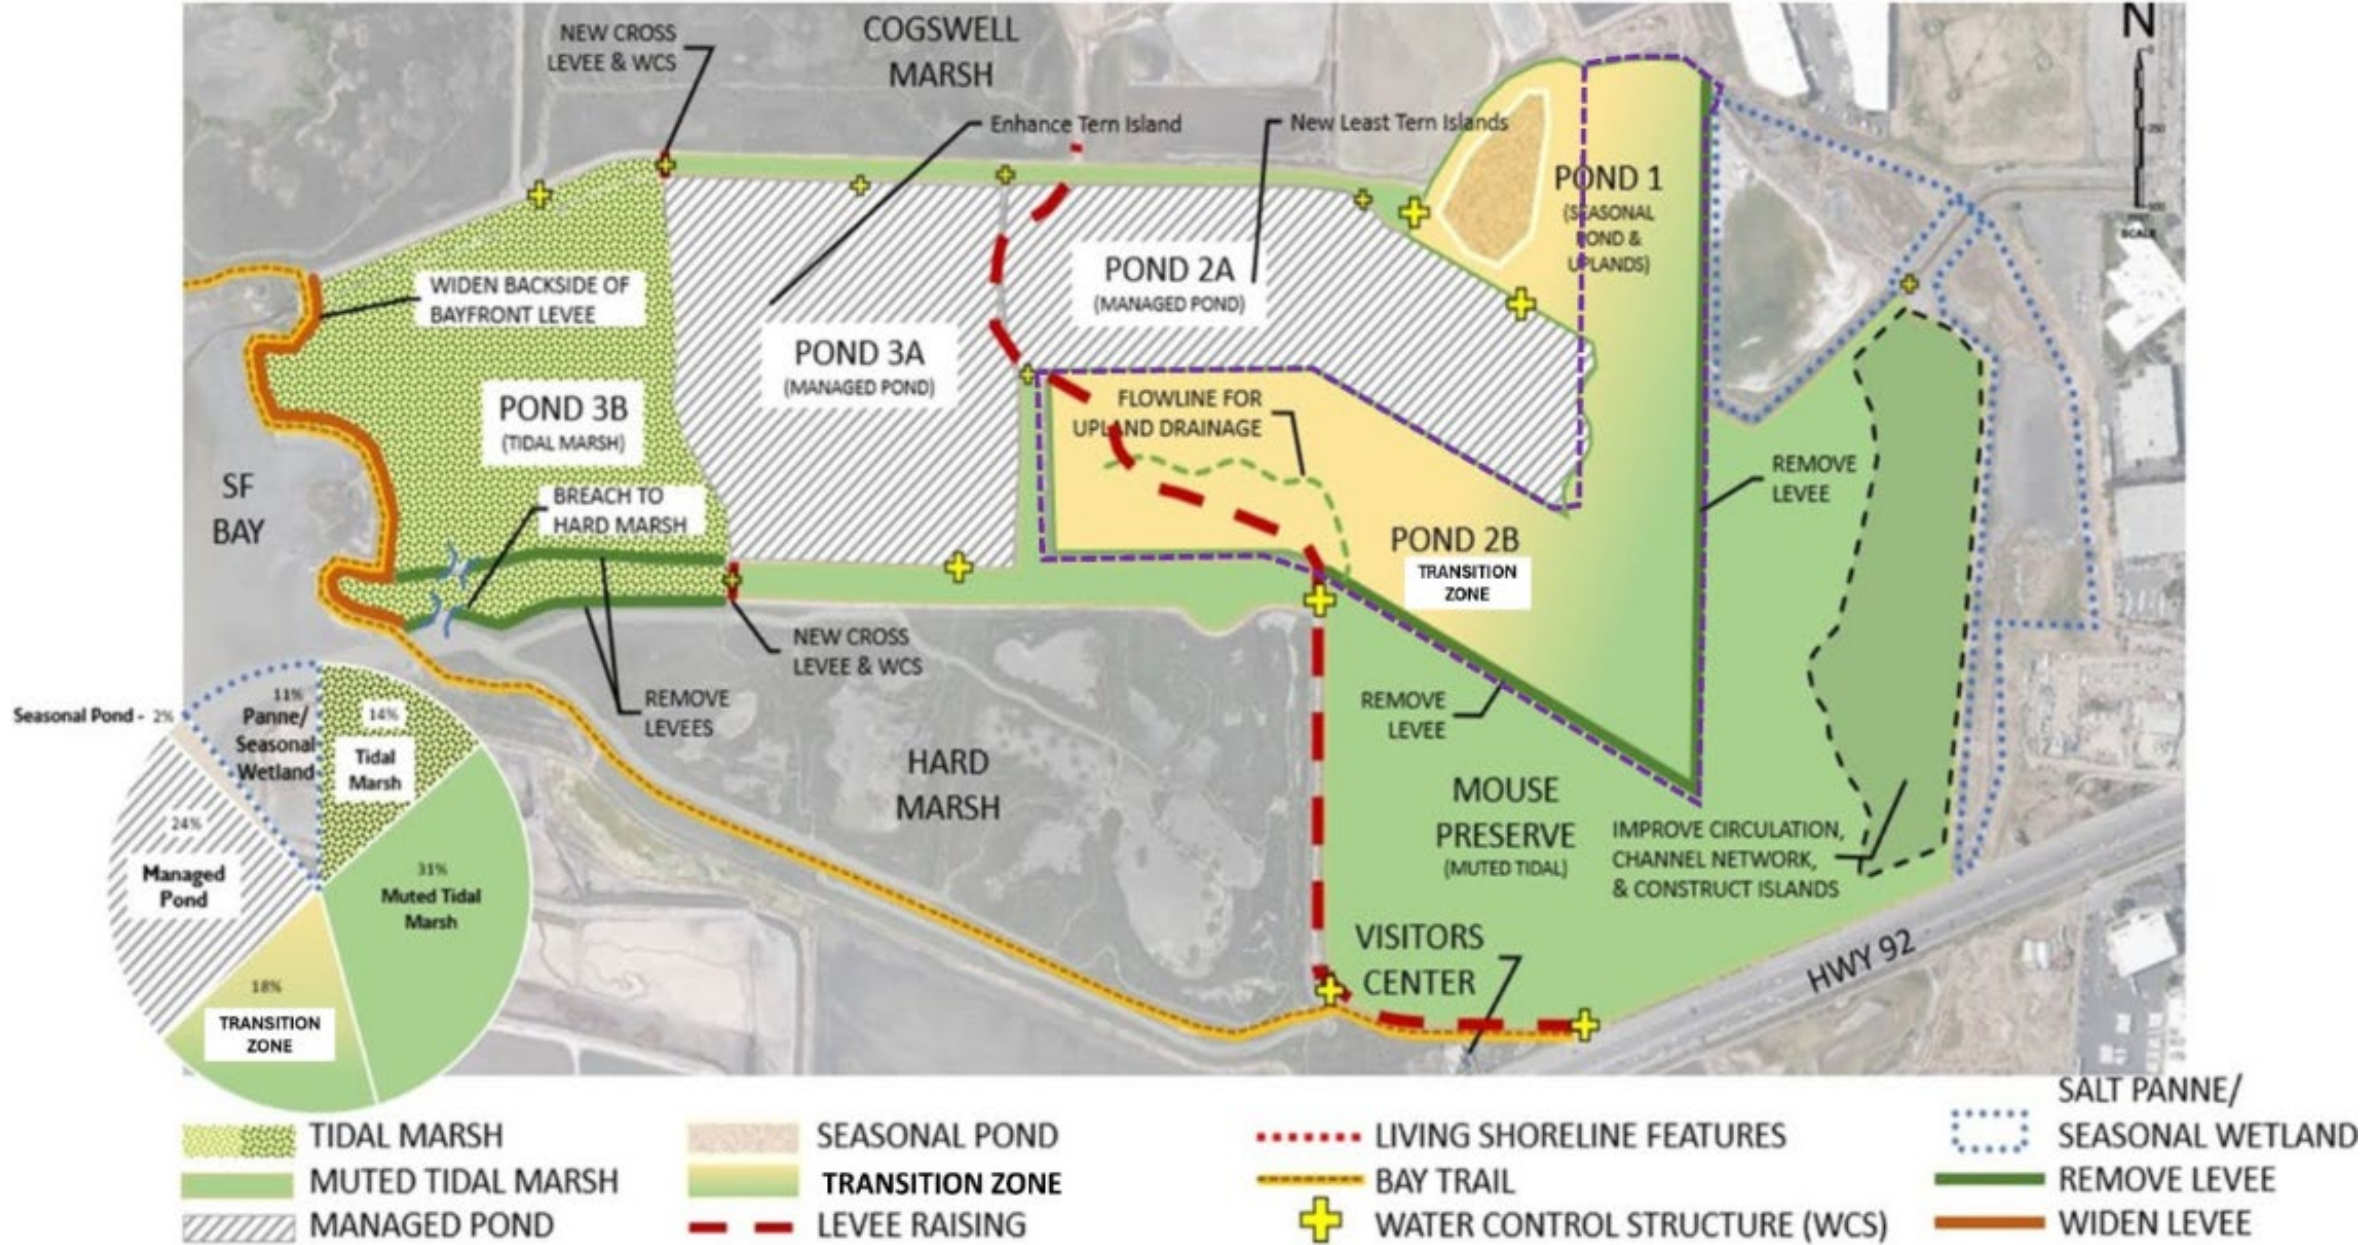

Consultation with the
BRRIT and permits in
hand

Restoration Design Goals

- Balance habitat, public access, and SLR preparation
- Rely solely on Bay waters & seasonal rains
- Enhance habitat for wildlife
- Improve public access on Bay Trail
