

Biographies of Recommended Advisory Committee Members

1. **Craig Weightman** is the Habitat Conservation Program Manager for the California Department of Fish and Wildlife's Bay Delta Region. He serves on the Policy and Management Committee of the Bay Restoration Regulatory Integration Team, and he has contributed to the Cutting the Green Tape initiative to accelerate the permitting of restoration projects.
2. **Kelli McCune** is the Coordinator of the San Francisco Bay Joint Venture, the public-private partnership that coordinates, informs, tracks and inspires the protection and restoration of wetlands and other habitats to benefit birds, other wildlife, and people in the Bay Area. Kelli brings over 15 years of conservation experience working to scale habitat restoration and stewardship practices on California's working lands.
